Bassendean Memorial Library
February 2017

Hey kids, this is a HUGE SHOUT OUT to all of you to find out if you would like to participate in **Code Club** at Bassendean Memorial Library. What is Code Club? Code Club Australia is a nation-wide network of free volunteer-after school coding for children aged 8-13 years. Code Club uses Scratch, a programming language that lets you create your own interactive stories, animations, games, music, and art. Coding is now part of the Australian National Curriculum and will play an integral part in future employment roles. **What do you need to be a Code Clubber?**

- Your own lap top
- A USB
- A commitment to our Code Club program. Code Club Bassendean will run once a month till the end of the 2017 school year.
- Parental supervision will be required.

If coding sounds like your cup of tea then ask mum or dad to jump on Bassendean Memorial Library's Facebook page and follow the link to place your name on our Expressions of Interest - Code Club Bassendean page. We have 15 places available and the first 15 names provided will be offered a Code Club spot.

Book Reviews

EJ12 (Girl Hero series)
by Susannah McFarlane.

"I loved these because there is a mystery in each one and there are codes so you can try and work them out before you look at what EJ12 thinks."   Pippa, age 8.
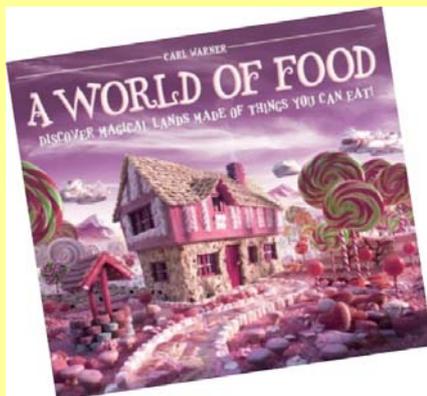

A World of Food
by Carl Warner.
A book review by Anna Watts.

"This book is about lands of food and the photos are made out of food! My favourite land is the pink candy land. I also like the chocolate land and the ice-cream land."

Teen Reads

The Incredible Adventures of Cinnamon Girl
by Melissa Keil
is a beautiful slide into teenage love.
Alba and Grady have been best friends forever. Alba draws comics and dreams of super heroes and words in bubbles. Grady dreams of Alba and getting into a good law course. They both live in a little country town where life meanders but being young; they do not. This is a love story unacknowledged. Alba is familiar with a Grady who watches her draw and lounges on the end of her bed not a Grady who desperately loves her and plans a life where she has the starring role. The writing is sharp and witty and the story strikes a jarring note for anyone who has yearned for something that teeters just out of reach.

Sometimes I use big words I don't always fully understand in an effort to make myself sound more photosynthesis.
