Book Reviews

Counting Miracles by Nicholas Sparks

From the acclaimed author of The Longest Ride and The Notebook comes an emotional, powerful novel about wondering if we can change – or even make our peace with – the path we've taken. Three strangers' worlds collide, changing the trajectory of all their lives. Because some paths cross, some merge, and others guide you home. Hoping to see this one up on the big screen soon next to all our other Nicholas Sparks favourites!

Cherrywood by Jock Serong

From multi-award-winning author Jock Serong comes Cherrywood, an imaginative, darkly playful and deeply meaningful delight, a novel about legacy, community, wonder, love and reinvention. Two timelines bound together by one element: cherrywood. A complex puzzlebox of a novel, this is delicious, rich storytelling, with a dark unusual charm.
